The Way of the Samurai is a hack and slash action RPG with a compelling, historical world and fresh gameplay mechanics.Rokkotsu Pass: Rokkotsu Pass is a new, free-to-play sequel to the original Way of the Samurai, featuring dual control and an all-new difficulty level.A Poem for You Do you know the day that dawns as it ought, a day of searing fire and sun-kissed snow? The slant of light? The blue that turns grey and the fair lands lost in a pond of blue? Do you know the way the light glows, like silver at the edge of rain that cascades from the gutter through the bricks and asphalt to the street? Do you know that day in the form of an owl that perches above my head and fills my home with the sound of rain? Do you know the river that has opened up before my eyes? The rapid that flows through the city from the north and makes the warm of my room tremble? The hum of the city's many whirring machines, like the rhythmic cry of birds, is more than music to me, more than a poem is to you. The whine of machines is more than the rush of new songs on an old radio to me, more than the sound of poets and symphonies to you. The echo of machines is more than a dollar you see in your neighbor's hand, more than the words on a letter, more than the cries of all the poor to you. The echo of machines is more than any poem. The echo of machines is more than any poem. Do you know the day when time itself slows as the universe of the heavens is suspended, when the sunlight makes any sound it wishes to make, not only the universe of clouds and the earth below it, but the sky and stars? When the sun at last is a speck of dust in space and time still circles the earth like a

slow orb? Do you know the day when the sky is black and the rain gives birth to the image of you and every plant in the street thinks of you and every bird calls out your name? Do you know that day? Do you know the rain? Do you know the
