Download Maria Fernanda P. Desnuda (Edición Esp.A) PORNO.1. Field of the Invention This invention relates to a sheet feeding apparatus for feeding sheets one by one from a stack of sheets and an image forming apparatus provided with the sheet feeding apparatus. 2. Description of the Related Art An image forming apparatus, such as a printer, a facsimile machine and a copier, records information (a toner image) on a sheet (an image-carrying sheet) conveyed through a sheet conveying path. The image forming apparatus has a feeding section for feeding the sheet fed from the sheet conveying path one by one to a specific position. The feeding section includes a feeding member that intermittently feeds the sheet along the sheet conveying path, a registration roller pair for feeding the fed sheet toward the specific position and a sensor provided on the sheet conveying path, for example, a feed roller pair and a registration roller pair, for controlling feeding of the sheet by the feeding member. In the conventional feeding section, a driving force is
