Cholesterol 3-sulfate and cholesterol sulfate are intermediates in the biosynthesis of cholesteryl glucosides, which are subsequently hydrolyzed to cholesterol. The ability of glucoside-steroid sulfotransferase (3-OST) to catalyze the transfer of the cholesterol from cholesterol sulfate to glucosamine was investigated. 3-OST catalyzed the transfer of free cholesterol to a variety of free amino sugars and blocked the sulfation of glucosamine at the position of the active site of 3-OST. In addition, 3-OST catalyzed the transfer of free cholesterol to glucosamine from cholesteryl glucosides, and the concomitant formation of cholesteryl sulfate from cholesterol and cholesteryl glucoside, in a competitive reaction. These results suggest the existence of a novel mechanism for endocrine control of cholesterol transport.Elif inci Elif inci (born October 18, 1993) is a Turkish-German journalist and model.
