Anderson, 41, will report to the Yankees after giving up seven runs (six earned) on 10 hits over six innings in a win over the Tigers on Sunday. He leads the Yankees with eight wins, but is 0-3 with a 4.82 ERA in the five starts since a late-April trade. The hard-throwing lefty was acquired in the offseason from the Royals for infielder Josh Donaldson, third baseman Mike Moustakas and first baseman Eric Hosmer. Despite the Yankees' pitching woes -- they have a 14.0 run-scoring average in the loss column -- Anderson will report to the top of the rotation against the Red Sox. It is his third trip to Fenway since the Yankees signed him to a two-year, \$22 million contract in November. Rosscup, 26, was placed on outright waivers and was claimed by the Giants. He made his major league debut last July in the Dodgers' rotation, and posted a 2.86 ERA over 47 1/3 innings. He allowed seven runs (six earned) on 14 hits in his last two appearances.Q: How to combine multiple selects into one I have a mysql table with the following structure: Order Table ----- order_id | order_date 1
