Elden Ring Features Key:

High-quality graphics

- A simple, crisp, three-dimensional view of the game world

A vast, big world

- A vast world that is full of variety in its visual design. Open your eyes to a huge, vast, and diverse world in which you can freely roam

An action-RPG where you can freely find new challenges

- A high quality FPS-like action-RPG that allows you to experience intense, fast-paced battles

Immersive single-player system

- A system where you can fully enjoy the story as you progress in the game world.

What kind of game is this?

- A fantasy action RPG unlike any other games. The most intriguing part of this game is that the story about the Lands Between unfolds as a drama with three channels: dialogues, sprites and events. This system allows us to create a unique action RPG experience.

Play with unlimited characters

- Rise, change your fate, and become an aspiring Googan. The versatility of the character system will allow you to develop the character that you want to play as.

Fulfill your dreams

- The Lands Between belongs to those who can rise above their limits. People who are strong-willed and resilient must be born here. We expect those who will be born with the characteristics of those who live and work in the Lands Between to grow, become more vivid in the world, and change. We will work hard for the growth of the Lands Between, as we will be prepared to take the lead.

A challenging game that supports as many as four players

- A high quality FPS game that can be enjoyed as a multiplayer action game for all styles of players.

RPG Play Style A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. *Take a monster on one hand and a weapon on another, and then fight against the enemy you encounter. *Take an enemy on one hand and a weapon on another, and then use the weapon to defeat the enemy. *A combat system where you can take on monsters and other players, and use a combination of attacks that meet the situation. *A combat system where you can take on monsters and other players, and use a combination of attacks that meet the situation. RPG Play Style *Control of your character - almost all of your standard commands can be performed using only your keyboard and mouse. *Heavy management of both weapons and magic - here, you'll find the attack and use of potions, which can change the course of the battle. RPG Play Style (For a full list of commands, please go to the game presentation on the website.) Not only can you battle against monsters in local multiplayer, but you can also participate in "pele tower" in a "cooperative cross-server battling mode" that allows you to discover the other players' strategies. Create your own character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. (Please note that the story of the game is set in a fantasy setting, so as per the game law, the inclusion of characters that have no place within the world of the game has been restricted.) Create your own character Character Customization *Weapon and Armor Select the classes and weapon attributes that you'd like to equip, as well as the colors and equipment that you'd like to equip. *Weapon Equip a different weapon for each hand to fight with, in addition to the standard equipment you start with. *Armor Equip equipment that you've obtained as rewards or found in the environment. (Please note that the game has a system for obtaining equipment which is based on the real world, so the value of equipment obtained from similar rewards will depend on the value of the corresponding reward.)

 Wed, 19 Nov 2013 17:18:31 GMT 1.4 - Rise 2013 [JP] I posted in the Romolept thread, but thought it'd be easier to be found here.

I'm a Level 30 Warlock, clearing through the three lower islands. I'm progressing nicely and can probably get to the fifth by tonight (probably if I want to :P).

While I have nine days of level-ups left in raw willpower, I'm constantly gaining in that attribute, which helps with levelling mechanics but moreso with healing, so I figured I'd post this thread to see what everyone else has been doing.

My main partners of this tactic are: - Witch Doctor (Purely as a healer) - Oracle (Templar) - Brawl (So that I can let her do almost all the healing when we actually hit group)

I find that even beating 5 is OK because my party is capable of 5-manning most things (with assistance of my Oracle) and doesn't take much help from me to go towards 10 men, which is fortunate since we're not insanely strong.

The final three days were practically tutorials as I don't want to get too power-level up too much again before going full out.

I ended up level 15 (twice as high as my previous one, thus far) just through moving up to higher terrain and doing either War
