Wendy Connolly 9 Squeak in the Castle The good reviews for this story on Wicked Romance convinced us to write it.. This is a very sexy read and we highly recommend it to you. Whilst having some fun in the Castle, the maid ran to fetch a bowl for a final rinse for Charlotte's bra and cloak. Charlotte had to get there as she had to go back and let out the dressmaker's man Charlotte exited the room and took a small jar with her as she went to the next room where the dressmaker and seamstress resided. After it was done, the seamstress asked Charlotte if there was any changes, which Charlotte told them no. The seamstress was happy, as it was the best dress she had ever seen. The dressmaker nodded and they both entered the room in which Charlotte and the maid were waiting, staring at the gown, as the dressmaker was proud of her work. Then, the seamstress suggested they bring in the bra, which Charlotte told the seamstress about the problems of it, so she had to use a bowl for it. The seamstress laughed, as she thought it was funny to make Charlotte use such a bowl. . .
